

GUARDIANSHIP POLICY

1. All international students who originate from an overseas country would be required to have a guardian who resides in Singapore.
2. Parents are to ensure that guardianship arrangements are made with the school. Students under this guardianship will have to agree to this guardianship arrangement as well.
3. Guardians need to be aged 21 years old and above. Guardians are required to register themselves with the school through the VP Pastoral.
4. Guardians will be required to follow the Guidelines for Guardians given by the school.
5. If there is a change in guardianship, the parents are to keep the school informed and a new guardian would need to register with the school.
6. The school views the responsibilities of guardianship seriously. The school will meet with each guardian at least once a year to ensure that the required standards are met. The school will be making appointments with guardians to explain these guidelines.
7. For more information on guardianship matters, please contact the VP Pastoral, Mr Charles Png at pngcharles@acsinternational.com.sg.
